

GETTING A HOME LOAN NEVER FELT SO GOOD!

**Hope Tree Home Loans is Now Partnered with
Fort Bend Cares**

Take the Low Cost Challenge...

Hope Tree Home Loans is a locally owned subsidiary of Calvert Capital Corporation with a heart for giving! HTHL offers the best combination of rates, fees and customer service in the industry, and guarantees that you will not find a better deal for your next home purchase, refinance, or equity loan. Hope Tree Home Loans offers conventional, government, and jumbo loans and is an approved FHA lender.

In addition to that...

HTHL is proud to be a partner of Fort Bend Cares! HTHL will donate a portion of their proceeds to Fort Bend Cares through a unique program whereby borrowers can designate .25% of the loan amount to their non-profit organization of choice, at absolutely no cost to themselves. This is strictly a donation from Hope Tree on the clients' behalf. On a \$200,000 loan that would amount to a \$500 donation. As the Hope Tree Home Loans President, J. Russell Calvert, says "This is our way of giving back, and we are excited to support the fine programs and services that Fort Bend Cares provides to the community."

If you are in the market for a home loan anywhere in Texas, please call JoAnn Cooper to find out what Hope Tree Home Loans can do for you, and to support Fort Bend Cares at the same time.

Doing something good, without having to do anything extra, just makes sense!
